

Honor Roll of Giving

2006-2007

The Honor Roll of Giving is an annual publication paying tribute to the many generous alumni, friends and organizations that support the mission of Pikeville College. The following lists reflect gifts made from July 1, 2006, to June 30, 2007. Gifts made since that time will be credited to the 2007-2008 fiscal year.

Every effort has been made to ensure that the information contained in this report is accurate. We apologize for any errors or omissions. Please report any corrections to the Development Office by calling 606-218-5276 or emailing development@pc.edu.

Pikeville College is an independent, four-year, liberal arts and sciences institution with a graduate program in osteopathic medicine. Founded in 1889 by Presbyterians who wanted to provide a quality education for the “youth of the mountains,” Pikeville is the only four-year accredited liberal arts college in a 10-county region.

Located in Kentucky’s easternmost county, the College is uniquely positioned to serve students from Kentucky, Tennessee, Ohio, Virginia and West Virginia. More than 70 percent of Pikeville’s student body is from the Appalachian region and 50 percent of the undergraduate students are the first in their families to pursue a higher education.

Pikeville College makes it possible for students from our region to pursue the dream of a higher education while staying close to their families, homes, and communities. Pikeville currently serves an undergraduate enrollment of approximately 800, with an additional 300 students in the School of Osteopathic Medicine.

As the College continues to grow and expand, evolving to meet the needs of the region, Pikeville remains dedicated to its original mission of providing opportunities for the “youth of the mountains” to obtain a quality education in a supportive environment.

Many students are not able to afford the full cost of higher education, so Pikeville – through the generosity of its donors – does all it can to assist them with achieving their educational goals. This academic year, the College awarded more than \$4 million in scholarships, financial assistance, and work study, which made it possible for many students who may not have otherwise been financially able to pursue the dream of higher education.

Pikeville College is helping people help themselves and gain independence through the power of education. We would like to say “Thank You!” to the thousands of alumni and friends who make it possible year after year for Pikeville to continue “Changing our world...one graduate a time.”

James F. Record Heritage Society

A one-time gift of \$10,000, a pledge of \$2,000 for five consecutive years, or inclusion of Pikeville College in one's estate plans.
